

# 2<sup>nd</sup> annual ama's (Adventure maker awards)

by chickens1127

Thank you for reading this short newsletter about the 2<sup>nd</sup> Annual AMAs. It was started last year, on suggestion of senior community members, and it was meant to reward all those who have done difficult work to make the community prosper. It was new ground; I really didn't know what to do, so I mad it up on the fly, with a Freewebs website and all that very fancy stuff. The voting went very well, if not small, and I was prepared to do a live internet show. And then it hit me- I can't. We have members from all over the world, and they all live in different time zones; I'd have to do the show five times just so everyone could see it, and yet still many people are very busy with work and projects.

Looking back, I was disappointed. But now, I realize it's not a disadvantage; it's an advantage. We have members from all over the world, all from different cultures, working hard to spread the word of this great program. And yet, this community is where all these cultures and very different people join together and share ideas like a confluence

of many streams, into a large, winding river, going wherever it pleases. And with this in mind, I'd like to welcome you to the 2<sup>nd</sup> Annual AMAs.

Sincerely,

Chickens1127

## “This How We Do It!”

Now, handling dozens of ballots, along with nearly a dozen categories, can be very tough. Last year, Freewebs did it's job, but it's too restrictive. This year, we're going to do this really easy. All you're going to do is go to the ballot on the next page, copy it, go to your e-mail, and write a message to [adventureawards@gmail.com](mailto:adventureawards@gmail.com). Put in subject “Voting”, and paste the ballot in, and put a “+” mark in front of ONE person from each category. Failing to do so will mean your whole ballot is voided. You can chose not to vote in a category, and vote in the others if you want. Once the votes are tallied, I'll do a YouTube show announcing the winners, like last year, hopefully more professional. Here's the 1<sup>st</sup> part of last year's.

This year, I want to cut down on the music, and I now have a tripod, and a slightly deeper voice. Any suggestions, e-mail the address above, and use a subject different then “Voting”.

Enjoy!

P.S> I didn't do the ballots, so don't get angry with me. I just combined several of them, and tediously edited and finalized them for an hour. Fun! :D
